Grevious bills, or not to dine,

Wealth may coexist with gout; Buys the physic, ne'ertheless, Which you can't be cured without. Money is not mutton-no, Money is not beer or wine; But to lack it is to owe

Money is not happiness;

MORAL SONG ON MONEY.

Money occupies the purse; Else its state is the reverse-

Woe with indigence combined Happiness you purchase through Money that you was ly spend; Money is the means unto Happiness, and that's the end.

Who can keep a conscience clear, Who can have a mind at rest, Ever gnawing at his breast? Others' happiness your own Would you render if you could;

'Tis by money's aid alone, You can do your species good. Esppiness he may, below, Find, with money who abounds;

None else can until they go To the Happy Hunting-Grounds. Money when a man decries, Ten to one his bond is due, And that presently he tries

Out of cash to swindle you. LOVE.

Love is not made of kisses, or of sighs, Or clinging hands, or of the sorceries And subtile witcherafts of alloring eves Love is not made of broken whispers; no Nor of the blushing cheek, whose answer Tells that the ear has heard the accents

Love is not made of tears, nor yet Of quivering lips, or of enticing wiles; Love is not tempted; he himself beguiles This is Love's language, but this is no

If we know aught of Love, how shall we To say that this is Love, when well aware That these are common things, and Love is rure?

As separate streams may, blending, eyer In course united, so, or soul to soul, Love is the union into one sweet whole.

As molten metals mingle: as a chord Swells sweet in harmony; when Love is Two hearts are one as letters form

One heart, one mind, one soul, and one desire, A kindred ancy, and a sister fire

Chambers' Journal.

Sights and Heminiscenses "Eternal City." Correspondence of the Chicago Tribu

Rome, Feb. 22, 1784. The railway train from Genor carried me into Rome in the night time, so that I formed no impressions of the exterior appearance of the "Eternal City" until awakening in its midst next morning. The first impression was one of bewilderment. could not comprehend the points of the compass. The small public square, called the "Spanish Plaza," was the initial point of observation, and it was difficult to understand where all the little, narrow, crooked

BIRD'S-EYE LOOK AT THE CITY.

After reaching the head of the great flight of stairs, 100 feet broad and 120 above the plaza below, the major part of the City of Rome is in full view. A mile or more beyond rose the enormous dome of St. Peter; and, closer by, the small cupoother churches stood before the vision; and all around, for a mile square, was a solid mass of high houses, apparently without street between them. Nothing in the shape of a street could be seen, expectation of the world were discussed. It was one lies the living city—the seat of Christianity for eighteen long centures, and the Capital of the oldest and greatest of Christian denominations. At one's feet is Capitoline Hill, on the ceedingly difficult for me, right on the control of the world were discussed. It was one lies the living city—the seat of Christianity for eighteen long centures, and the Capital of the oldest and greatest of Christian denominations. At one's feet is Capitoline Hill, on the ceedingly difficult for me, right on the control of the world were discussed. It was one lies the living city—the seat of Christianity for eighteen long centures, and the Capital of the oldest and greatest of Christian denominations. At one's feet is Capitoline Hill, on the ceedingly difficult for me, right on the capital of the world were discussed. It was one lies the living city—the seat of Christianity for eighteen long centures, and the Capital of the oldest and greatest of Christian denominations. At one's feet is Capitoline Hill, on the capital of the world were discussed. It was one lies the living city—the seat of Christianity for eighteen long centures, but they were so crowded upon on one another, and rebuilt, that it is expected to the capital of the oldest and one and they were so crowded upon on one another, and rebuilt, that it is expected to the capital of the oldest and one another, and rebuilt, that it is expected to the capital of the oldest and one another and they are capital of the oldest and one another and they are capital of the oldest and one another and they are capital of the oldest and one another and they are capital of the oldest and one another and they are capital of the oldest and one another and they are capital of the oldest and one another and they are capital of the oldest and o shape of a street could be seen, ex- behind his back. This news aroused which Rome was founded 2,500 snape of a street could be seen, except here and there a scarcely-perceivable "crack betwixt the walls."
Mark Twain does not exagerate when he calls the streets of Rome mere cracks betwixt high walls, to the bottom of which the sunlight never penetrates. But the Romans and scanty fawn skins, danced as Bacchnals around her; and she columns and great, granite pillars around her; and she columns and great, granite pillars around her; and she columns and great, granite pillars around her are still a which Rome was founded 2,500 the spet, to get them all clearly in the spet, to get the spet, to get the spet, to get the spet, to get them all clearly in the spet, to get them all clearly in the spet, to get them

But I am not yet at the top of the plateau. I am now on top of ceded him a few minutes, and panic
